AUDITORS' REPORT

To the Board of
Partners Relief and Development Canada Foundation

We have audited the statements of financial position of Partners Relief and Development Canada Foundation as at JUNE 30, 2007 and the statements of operations, changes in net assets, and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many not-for-profit organizations, the Foundation derives revenue from donations and fundraising activities, the completeness of which is not readily susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation and we were not able to determine whether any adjustments might be necessary to revenue, excess (deficiency) of revenue over expenses, assets and net assets.

In our opinion, except for the effect of adjustments, if any, which we may have determined to be necessary had we been able to audit the completeness of donations and fundraising activities, as discussed in the above paragraph, these financial statements present fairly, in all material respects, the financial position of the Foundation as at JUNE 30, 2007 and the results of its operations, changes in net assets and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.
